The level of employee costs should be monitored and managed effectively to keep the national norm of 35 % in consideration.

The municipality still depends on grant funding of over 93.4% to fund its operations. All council's provisions and the Capital Replacement Reserve are cash backed and the cash and cash equivalents are sufficient to cover outstanding debt.

ASSET AND RISK MANAGEMENT**Insurance:**

All Council assets are adequately insured with Lateral Unison for a period of three (3) years. The insurance portfolio / costing was reviewed and implemented in September 2012.

Asset Inventory:

The inventory list is awaited from some of the officials to update the system of any changes that might have occurred. The next asset stock take will take place in October 2014.

Information Backup:

All shared data on the internet system (*O & P drives only*) is backed up on the server with a further daily tape backup kept on the premises. System users are responsible for ensuring that data backup and maintenance is carried out with regard to their specific usage. General ledger and associated financial system data is backed up on the network server tape system.

The “e-Venus” financial system was implemented on 1 September 2009. A daily backup is done as well as a day end procedure to integrate daily transactions. On the last working day of each month a monthly calendar and financial (a few days after month end to accommodate financial transactions pertaining to the month closed) backup and integration including closing of votes and opening thereof in the new month is done.
