1. INTRODUCTION

In terms of Section 79(1)(a), (b) and (c) of the Municipal Structures Act, 117 of 1998, as amended, a municipal council may establish one or more committees necessary for the effective and efficient performance of its functions or the exercise of its powers, and may appoint members of such committees from among its councillors. Section 79(2) of the Act further provides the framework within which such committees must operate.

In line with legislative prescripts and guidance from the Department of Cooperative Governance, Human Settlements and Traditional Affairs, in consultation with National Treasury and SALGA, the Municipal Public Accounts Committee (MPAC) is established as a Section 79 committee of Council to strengthen oversight, accountability and sound financial governance at local government level.

The MPAC serves to assist Council in holding the executive accountable and in ensuring the effective, efficient and economical use of municipal resources. Through its oversight role, the Committee considers, among others, the Annual Report and related oversight processes in accordance with applicable legislation.

The 2024/2025 draft annual report was tabled before Council on 10 December 2025 in compliance with Section 127(2) of the Municipal Finance Management Act, 56 of 2003.
