4.1 Monthly projections of revenue and expenditure by vote	19
5. CONCLUSION	21

1. INTRODUCTION

The Service Delivery and Budget Implementation Plan (SDBIP) seek to promote municipal accountability and transparency and is an important instrument for service delivery and budget monitoring and evaluation. The SDBIP is a partnership contract between the administration, council and community, which expresses the goals and objectives set by the council as quantifiable outcomes that can be implemented by the administration over the next twelve (12) months.

ADJUSTED SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN 2023-2024

Chapter 1 of the Municipal Finance Management Act, (Act 56 of 2003) (MFMA) defines the SDBIP as a detailed plan approved by the mayor of a municipality in terms of section 53(1)(c)(ii) for implementing the municipality's delivery of services and the execution of its annual budget which must include (as part of the top-layer) the following:

(a) Projections for each month:

- Revenue to be collected, by source, and
- Operational and capital expenditure, by vote.

(b) Service delivery targets and performance indicators for each quarter.

In terms of National Treasury's Circular No.13 the SDBIP must provide a picture of service delivery areas, budget allocations and enable monitoring and evaluation. It specifically requires the SDBIP to include:

- Monthly projections of revenue to be collected for each source;
- Monthly projections of expenditure (operating and capital) and revenue for each vote;
- Quarterly projections of service delivery targets and performance indicators for each vote;
- Information for expenditure and delivery; and a
- Detailed capital works plan.

In terms of sections 69(3) (a) and (b) of the MFMA the accounting officer of a municipality must submit to the mayor within 14 days after the approval of an annual budget, a draft SDBIP for the budget year and drafts of the annual performance agreements as required in terms of section 57(1) (b) of the Municipal Systems Act (MSA) for the municipal manager and all senior managers. Furthermore, according to section 53(1) (c) (ii) and (iii) of the MFMA, the Executive Mayor is expected to approve the SDBIP within 28 days after the approval of the budget.

This coincides with the need to table at Council, drafts of the annual performance agreements for the municipal manager and all senior managers as required in terms of section 57(1) (b) of the MSA.

ADJUSTED SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN 2023-2024

The process leading to the draft Budget, IDP and business plans, which have an important bearing on the finalization of the SDBIP, includes the following elements:

- Departmental operational plans/departmental SDBIPs. These departmental SDBIPs provide the detailed plans and targets according to which the departments' performance will be monitored.
- The departmental SDBIP's/operational plans contain performance plans of line managers. The performance plans were formulated in terms of the IDP sector plans and the operational mandates relevant to each department. The performance plans form the basis for the signing of the annual performance agreements of the municipal manager and senior managers. The SDBIP represents the key performance targets as captured across core departments.

The structure of the FBDM's 2023/24 SDBIP in the table below considers the pertinent legal requirements:

SECTION	DESCRIPTION
Introduction	<ul style="list-style-type: none"> • Legislative description of the SDBIP • Components of the SDBIP
Capital Works Plan	<ul style="list-style-type: none"> • Three-year capital works plan • Spatial Development Framework • A list of key capital projects to be implemented in the budget year broken down according to municipalities
High level Service Delivery Breakdown	<ul style="list-style-type: none"> • Municipal score card showing KPI's and targets
Budget Implementation Plan for 2023/24	<ul style="list-style-type: none"> • Monthly projections of revenue to be collected by source • Monthly projections of expenditure of operating, and revenue for each vote • Monthly projection of capital by vote
Conclusion	<ul style="list-style-type: none"> • SDBIP as significant monitoring tool

ADJUSTED SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN 2023-2024

The budget implementation section of the SDBIP is categorised in terms of votes as prescribed by the MFMA. In the case of the FBDM, votes indicate a budget allocation for core administration.

- Executive and Council
- Budget and Treasury
- Corporate Services
- Planning and Development
- Project Management and Advisory Services

2. CAPITAL WORKS PLAN

The capital budget of FBDM is focused on own capital expenditure needs such as computer equipment, upgrading of buildings, etc. and not so much on infrastructure services.

2.1 Three-Year Capital Projects

The table below outlines the adjusted medium-term capital budget of the FBDM. Total adjusted capital amounts to R7,5m.

ADJUSTED SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN 2023-2024

2.2 Spatial Development Framework

A summary of the Spatial Development Framework (SDF) has been provided herewith. It highlights background to the SDF, the main issues identified by the SDF and objectives, strategies and projects formulated to address these spatial challenges.

Municipalities are required by the provisions of Section 26(e) of the Municipal Systems Act 2000 to prepare and adopt a SDF for their municipal area as part of the Integrated Development Plan. The objectives of SDF are clearly articulated under Section 4 of the Local

Government: Municipal Planning and Performance Management Regulations 2001 and Section 18 of the Spatial Planning and Land Use Management Act 16 of 2013. The Spatial Planning and Land Use Act 16 of 2013 is the legislation and government policy that give municipalities the responsibility of preparing and adopting Spatial Development Frameworks for municipalities.

The Spatial Development Framework (SDF) of Frances Baard District Municipality (FBDM) was reviewed and adopted by Council on the 28 July 2021 and gazetted on the 9th of August 2021.

2.3 Spatial Planning Issues

One of the principal objectives of SDF is the promotion of sustainable human settlement development. However, there are a number of factors in the FBDM region that pose to undermine the sustainable development of the region, namely: -

- Population increase: All the municipalities in the district are experiencing an increase in population; The Sol Plaatje Local Municipality increased the most, in terms of population, with an average annual growth rate of 2.0%, the Magareng Local Municipality had the second highest growth in terms of its population, with an average annual growth Sol plaatje LM 2.00% Dikgatlong LM 1.61% Magareng LM 1.72% Phokwane LM 1.17% Frances Baard DM 1.80% AVERAGE ANNUAL GROWTH (%) 16 rate of 1.7%. The Phokwane Local Municipality had the lowest average annual growth rate of 1.17% relative to the other within the Frances Baard District Municipality.
- Dilapidated and obsolete infrastructure within the district.
- The urban settlements in the district are not integrated, compact and densified which creates sprawling and expensive to provide bulk services.
- Gradual spatial restructuring to prioritise highly competitive economic sectors in the district such as agriculture, manufacturing, tourism, and mining.
- Lack of the developments that are nodal, transit and pedestrian oriented.
- Poor local land management problems, caused by poor agricultural practices and mining.
- Mines are poorly rehabilitated as evidenced by various open quarries and pits in the FBDM region.

ADJUSTED SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN 2023-2024

- Local Municipalities lacks resources and are embedded with weak institutional capacity to implement and enforce the approve plans such as Land Use Scheme and Spatial Development Frameworks (SDF's).
- Lack of the diversification of the district economy.
- Local Municipalities gradually update the change in the land use rights or zones, which lead to the mismatch of the deed's information and land use on the ground.
- Growing demand on bulk services due to population increase.

2.4 Capital Projects to category B municipalities for 2023/24

Circular 13 of the MFMA calls for the provision of detailed capital works plans to ensure sufficient detail to measure and monitor delivery of infrastructure projects. It must be appreciated that the breakdown of the capital works plan, is helpful in terms of showing the spread of FBDM's intervention in its provision of services.

This section provides a breakdown of capital expenditure across the FBDM. The adjusted capital projects for 2023/24 are broken down according to category B municipalities in the District.

Description	Ref	Current Year 2023/24							Budget Year +1 2024/25	Budget Year +2 2025/26

3. HIGH-LEVEL SERVICE DELIVERY BREAKDOWN

The FBDM is required in terms of the SDBIP, to provide non-financial measurable performance objectives in the form of service delivery targets and other performance indicators. Service delivery targets relate to the level and standard of services being provided to the community. It also includes targets for the reductions in backlogs of basic services according to Circular 13 of the MFMA. The SDBIP provides high level but condensed public information on service delivery to all stakeholders within and outside the district.

The SDBIP is conceptualized as a layered plan dealing with consolidated service targets and in-year deadlines and linking such targets and deadlines to top management. The Municipal Score Card represents a consolidation of all the FBDM detailed service delivery targets and performance indicators as captured in the operational plans, the performance plans and score cards of the managers in the various departments of the municipality.

In terms of the objectives, strategies and projects as listed in the IDP and the budget, Frances Baard District Municipality commits itself as follows:

3.1 MUNICIPAL STRATEGIC OBJECTIVES:

1. To provide sustainable municipal services in the district;
2. To implement municipal institutional development and transformation in the district;
3. To promote local economic development in the district;
4. To promote municipal financial viability and management in the district; and
5. To promote and implement good democratic governance and public participation in the district.

4. BUDGET IMPLEMENTATION PLAN FOR 2023/24

In respect of the budget implementation component of the SDBIP, circular 13 requires a breakdown by monthly projections of revenue to be collected for each source and monthly projections of operational and capital expenditure and revenue for each vote.

4.1 Monthly projections of revenue and expenditure by vote

The anticipated adjusted revenue for the 2023/24 financial year amounts to R 152,222m and the adjusted expenditure amounts to R 187,860m.

The table below provides a summary of the monthly projections for revenue and expenditure per vote.

5. CONCLUSION

The SDBIP is a significant intervention tool in the strengthening of democratic governance in the local sphere of government. The SDBIP prescribes that the FBDM's annual targets be provided in order to assist with implementation and monitoring. Regular reviews would compare targets with actual outcomes and revise future targets as necessary.

The SDBIP monitoring of actual revenue targets and spending against the budget will be reported monthly in terms of section 71 of the MFMA. In terms of section 71 of the MFMA, the accounting officer must not later than ten days after the last working day of each month, submit to the Executive Mayor and the relevant provincial treasury a statement on the state of the municipalities' budget, reflecting the following:

ADJUSTED SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN 2023-2024

- Actual revenue, per revenue source;
- Actual borrowings;
- Actual expenditure, per vote;
- Actual capital expenditure, per vote;
- The amount of any allocations received;

And explanation of:

- Any material variances from what the municipality have projected on revenue by source, and from the municipality's expenditure projections per vote;
- Any material variances from the service delivery and budget implementation plan and;
- Any remedial or corrective steps taken or to be taken to ensure that projected revenue and expenditure remain within the municipality's approved budget.

The SDBIP therefore provides an excellent basis for the councilors of the FBDM to monitor the implementation of service delivery programmes and initiatives across the district. The score card in the SDBIP presents a clear mandate to councilors in terms of playing their oversight function. Regular reports are presented to the section 79 committees in terms of the commitments made in the departmental/unit operational plans.

Administratively, the SDBIP facilitates proper monitoring of performance by senior management and the municipal manager against set targets. The municipal manager's commitments as indicated in the score card will enable the Executive Mayor and the Mayoral Committee to monitor the progress of FBDM in terms of implementing programmes and initiatives in the district. Similarly, the municipal manager is being provided with a tool to ensure accountability for all the key performance indicators in the score card of the municipality.

ADJUSTED SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN 2023-2024
